PGDM Batch 2025-26 Placement Outcomes Report

Website Publishing Version | Sector and company-type merged table

145 Companies Sourced	62 Batch Strength	44 / 71% Placement Engagement	38 Corporate CTC Records	12.50 LPA Highest CTC
--------------------------	----------------------	-------------------------------------	--------------------------------	--------------------------

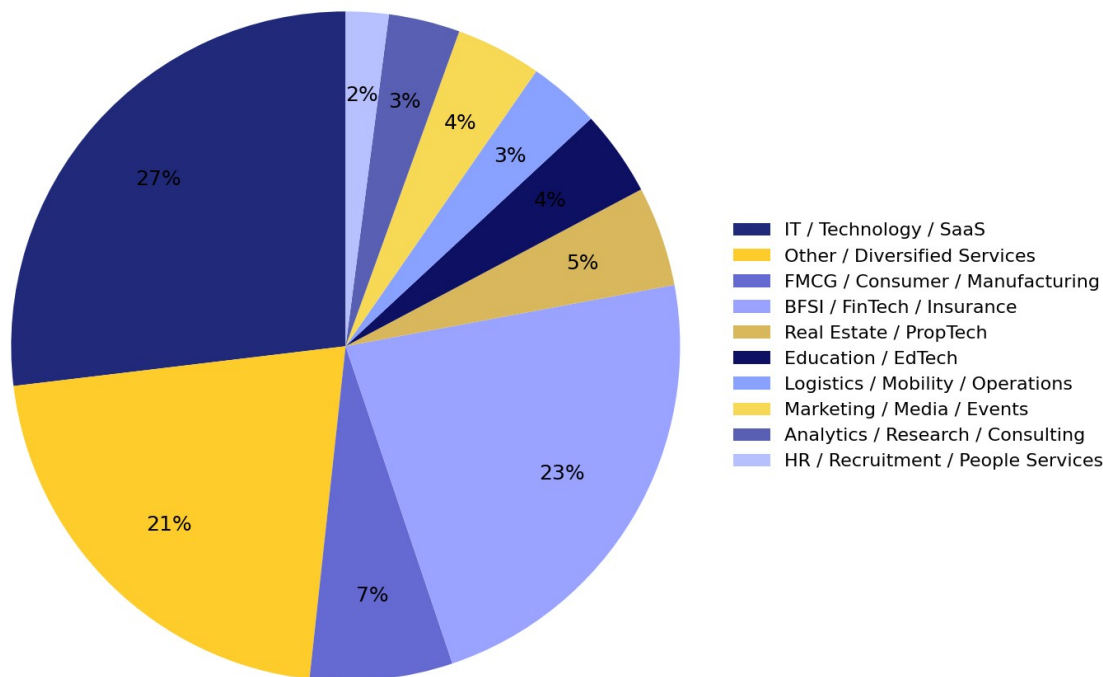

Executive Summary

ASBM sourced 145 company entries for the PGDM Batch 2025-26, creating a broad placement ecosystem across BFSI, IT/Technology, Analytics, Consulting, Real Estate, FMCG, EdTech and other growth sectors. The updated structure keeps the Sector Bifurcation and MNC / MSME / Startup classification as two separate pie charts, while merging the detailed company-name table into one combined sector-wise and company-type-wise table.

1. Sector Bifurcation of 145 Companies

The recruiter pool was led by BFSI / FinTech / Insurance and IT / Technology / SaaS, supported by education, real estate, consumer, consulting and service-sector recruiters.

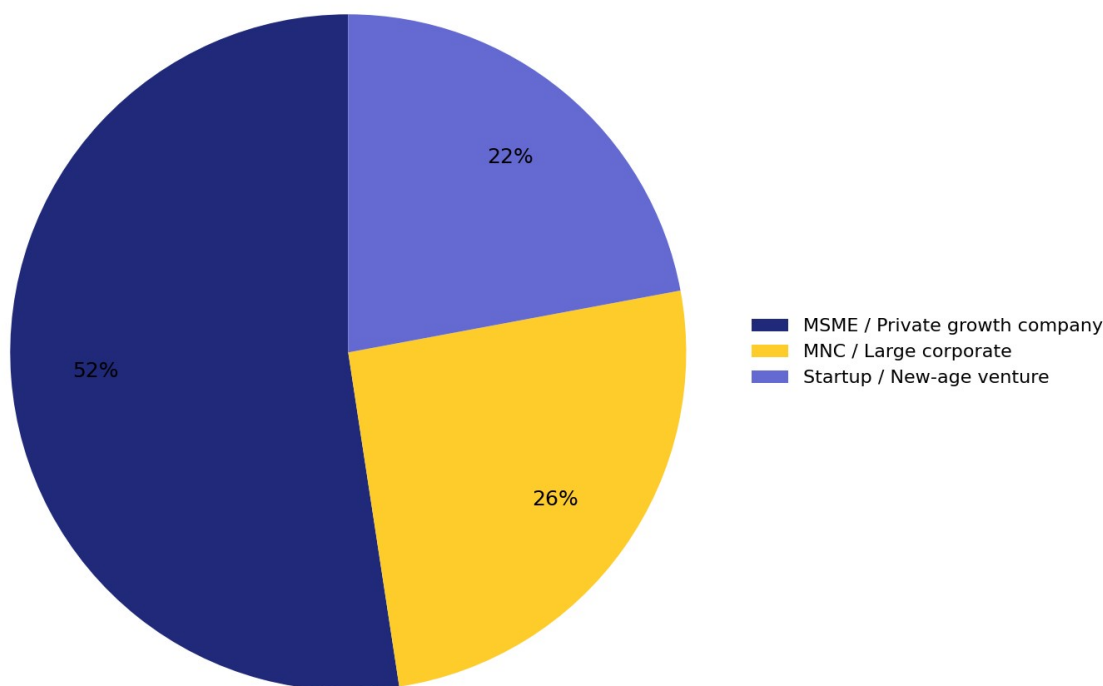

Sector Bifurcation of 145 Company Entries

2. MNC / MSME / Startup Company Mix

The company mix balances MNC / large corporate opportunities, MSME / private growth companies and startup / new-age ventures.
